Iraqi Ander Company, I.A.C

I.A.C headquarter is based in Baghdad – Iraq, reputed company actively supplying high quality electrical cables, wires and supporting products in the Iraqi market. The company established and operated under the name (Al-Hassani) over 25 years. In 2008, the company had been rebuilt under Iraqi Ander Company (I.A.C) exploiting further investment targeted for business expansion. The firm has fixed business plan and the annual revenue is increasing significantly in the rapidly growing market. With successful commercial strategies and exceptional visions, strong platforms of partnerships were established joining wide range of reputed companies specializing in power, oil, gas, communication systems industries and the construction sector.

I.A.C is exclusively the main agent and market distributor of the following international brands:

- **MESC (middle east specialized cables) Group**
 - Low Voltage cables (LV)
 - Medium Voltage (MV) & High Voltage (HV) cables
 - Building Wires & Domestic range

- **United Transformers Electric Company (UTEK)**
 - Distribution transformers range (50– 3250) Kva

- **LEONI Kerpen GmbH (ICON)**
 - Instrumentation cables
 - Onshore & offshore cables
 - Control cables
 - Fieldbus cables
 - Thermo extension and compensating cables
 - Marine cables ,Concentrated Solar Power (CSP) and Wind cables
 - Data communication copper and fiber optic cables.
